Plans Will Be Perfect at a Meeting of Joint Committee at Torrington.

A model playground, with swings and sandpiles, and with a kindergarten teacher in charge, will probably be established in Torrington during August as a result of the activity of the local members of the Women's College club of Litchfield county and other residents of the borough interested in the project. The committee of Torrington women, appointed by the club to consider the matter, voted to invite to serve on the committee the regent of the Torrington D. A. C. R. the president of the Twenty-one club and four other members of each of these organizations and the chairman of the board of education.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 3c. in stamps for sample to The Herpicide Co., Detroit, Mich.
